U.S. Patent Application Serial No. 09/976,967
for "System and Method of Integrated Calorie Management"

Dear Dr. Sanderson:

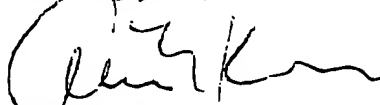

This firm represents HealtheTech, Inc. in its intellectual property matters. On October 23, 2001, we sent you letters forwarding copies of the above-identified applications (specification, claims and drawings) as well as a Declaration with Power of Attorney and Assignment for each application and requesting that you sign and date the application documents and return them to our office. Enclosed are copies of those letters and their enclosures.

In a follow-up phone conversation, you indicated that you were not sure whether you were going to sign the documents and would be speaking with your attorney this week.

If we do not receive the executed Declarations with Power of Attorney and Assignments for these applications by March 1, 2002, we will assume that you are not going to join in on these applications as a joint inventor by signing these documents and will take the necessary action to preserve our client's rights.

Please do not hesitate to contact me if you have any questions in regard to this matter.

Very truly yours,

Allen M. Krass
